

## AMATRON 100W ETL LED CORN COB LIGHTING

AMATRON ETL LED 100W Corn Cob Lamps are high lumen and energy efficient replacements for Metal Halide (MH), High Pressure Sodium (HPS), and Mercury Vapor (MV) lamps.

Our lamps disperse powerful, even light at a 360 degree range and are ideal for warehouses, parking garages, factories, and large shopping facilities.

AMATRON ETL LED 100W Corn Cob Lamps come in E39 Mogul Bases allowing for a \*direct retrofit into existing fixtures.

*\*An electrician must cut current and remove existing ballast before installation.*

## FEATURES:

- Instant On/Off. No flickering or cold start issues.
- Longer life reduces maintenance costs in hard to reach areas.
- Eco friendly. Contains no mercury or lead.
- Energy efficient. Uses 70-90% less energy than traditional HID and CFL lights.
- No heat from light source. Requires less air conditioning.
- High CRI with great directionality.
- **Used in Indoor Highbay Fixtures.**

## SPECS:

Base	E39/E26
Beam Angle	360°
Frequency Range	50 ~ 60 Hz
Operating Temp	-40° ~ 113° F
Color Temp	3000K, 4000K, 5000K
Rating	IP40
Certification	ETL Listed, CE & ROHS Approved

Model No.	Base	CCT	CRI	Power	Voltage	Bare Lamp Flux	Flux in Hibay	Dimensions	Certificate
