

AMATRON 30W ETL LED CORN COB LIGHTING

AMATRON ETL LED 30W Corn Cob Lamps are high lumen and energy efficient replacements for Metal Halide (MH), High Pressure Sodium (HPS), and Mercury Vapor (MV) lamps.

Our lamps disperse powerful, even light at a 360 degree range and are ideal for warehouses, parking garages, factories, and large shopping facilities.

AMATRON ETL LED 30W Corn Cob Lamps come in E26 Medium and E39 Mogul Bases allowing for a direct retrofit into existing enclosed fixtures for outdoor usage.

**An electrician must cut current and remove existing ballast before installation.*

FEATURES:

- Instant On/Off. No flickering or cold start issues.
- Longer life reduces maintenance costs in hard to reach areas.
- Eco friendly. Contains no mercury or lead.
- Energy efficient. Uses 70-90% less energy than traditional HID and CFL lights.
- No heat from light source. Requires less air conditioning.
- High CRI with great directionality.
- **Can be used in outdoor enclosed fixtures.**

SPECS :

| | |
|-----------------|--------------------------------|
| Base | E26 or E39 |
| Beam Angle | 360° |
| Frequency Range | 50 ~ 60 Hz |
| Operating Temp | -40° ~ 113° F |
| Color Temp | 3000K, 4000K, 5000K |
| Rating | IP40 |
| Certification | ETL Listed, CE & ROHS Approved |

| Model No. | Power | CCT | Voltage | Bare Lamp Flux | Outdoor Fixture | CRI | Base | Dimensions | Certificate |
